Dear Faith Alive Customer,

It's time to gear up for fall and a new church year! As always, Faith Alive is here to meet your needs as you minister to children, youth, and adults in your church and your community.

Earlier this year we introduced our **new resource catalog**—a slimmer, trimmer version that's easier to use and more stewardly to produce. Look for **seasonal mini-catalogs** like this one throughout the year for announcements of **our newest releases**.

And don't forget that the most complete and up-to-date listing of all our resources can always be found on our website at **www.FaithAliveResources.org**.

In other news, we're very pleased to announce that **plans are underway for the release of two brand-new curricula in the summer of 2011!** One of them is an exciting new, intergenerational approach to church education that will help people of all ages grow in faith together. The other is a new faith nurture curriculum for K-8 that will help kids find their place in God's story and give them more time to experience God. Look for more information coming your way soon.

We thank you for your partnership in the past, and look forward to serving you in the coming year.

Sincerely,

Ruth VanderHart

“John Van Sloten has developed a spiritual radar-system that picks up the vibes of the Spirit in the culture and the church. In this amazing book he shows us how we too can read the divine by radar, stay on course, and lead a supercharged life.”

—Leonard Sweet, *Drew University, George Fox University, sermons.com*

The Day Metallica Came to Church Searching for the Everywhere God in Everything

John Van Sloten

What do the music of Metallica and Bach, the film *Crash*, and stories about Batman have in common? According to author and pastor John Van Sloten, God can speak through all of them—if we’re listening. Out of his own often startling and sometimes wrenching journey of discovery, Van Sloten shows how God can speak to us through anything and everything—heavy metal music, R-rated films, sports, and even the latest fashions. This book might just change the way you hear God’s voice—and how you live, in today’s world.
